Independent Writing Positions No Prior Experience | Publish Kindle Books and Earn Royalties from Anywhere

Description

About This Remote Opportunity

If you're hunting for **freelance writing jobs with no experience** and keep hitting walls like "must have a portfolio" or "3+ years of writing required," it's time to shift your approach. This opportunity lets you write simple, helpful Kindle books and earn income month after month—without needing a degree, previous work samples, or even clients.

Instead of working for others, you'll write for yourself. You'll follow a step-by-step publishing system designed for beginners to research, write, and upload short digital books to Amazon Kindle. These books become royalty-generating assets that pay you every month. You don't need to be a professional writer or know anything about publishing. You'll get access to templates, tools, and a proven training program called **Kindle Riches** that walks you through everything.

It's not a job—it's the start of a writing income stream that grows with every book you publish.

What You'll Be Doing

You'll use a structured, beginner-friendly framework to create Kindle books that are short, well-organized, and designed to sell. You'll be responsible for producing and publishing your own content—but every step is guided.

Your weekly workflow might look like this:

Day 1–2: Choose a topic using included niche and keyword tools

Day 3: Write your book using a fill-in-the-blank template

Day 4: Format your manuscript using the provided checklist

Day 5: Design a cover with the free included tools

Day 6: Upload your book to Amazon Kindle Direct Publishing (KDP)

Day 7: Launch with the built-in press release strategy

Each week, you can publish a new book or build on your catalog of royalty-generating content.

Each book is 3,000 to 7,000 words, formatted for Kindle, and structured like an extended blog post. If you can write clearly and follow a template, you can do this.

What's Included in the Kindle Riches System

You'll get everything you need to succeed—even if you've never written a book before.

- Full video training (zero experience required)
- Prewritten content templates to guide your writing
- Kindle formatting tools and checklists
- Keyword and niche selection guides
- Cover creation tools with drag-and-drop functionality
- Press release templates for free promotion
- Strategies to optimize royalties and grow over time

Every lesson is broken into small, easy-to-follow steps. No overwhelm. No guesswork.

What You Need

You don't need to be a great writer. You just need to be willing to follow a clear process.

Requirements:

- A computer or laptop with internet access
- Google Docs or Microsoft Word
- Basic typing and reading skills
- 5–10 hours per week to complete and publish each book

Not required:

- Writing portfolio
- Professional experience
- Paid tools or ads
- Graphic design or tech skills

This is built for true beginners. If you can write an email or social media post, you can follow this system.

Who This Is For

This is ideal for:

- People new to online work who want to build a flexible income
- Freelancers tired of one-time gigs and deadline stress

- Students, stay-at-home parents, and retirees looking to earn from home
- Creatives who want to build something that earns long-term
- Writers who want to be paid monthly without working monthly

If you're done with underpaid tasks and want to create content that pays you repeatedly, this model delivers.

How You'll Earn

You'll earn monthly royalties from Amazon based on book sales and Kindle Unlimited page reads. Once your book is live, it can keep earning for years.

Typical earnings:

- \$50–\$250/month from your first book
- \$500–\$1,500/month from a small portfolio (5–10 books)
- \$2,000+/month with consistent publishing and strategy

You write once—and keep earning.

Why This Beats Traditional Freelance Gigs

Most freelance writing jobs for beginners come with:

- Constant pitching
- Low-paying clients
- One-time payments
- No asset ownership

With Kindle publishing:

- You own your books
- You earn every month
- You create once and build a growing income
- You work when and where you want

No deadlines. No revisions. No bosses. Just royalties.
