Jobs Near Me Remote No Degree – Live Chat Customer Support | \$25–\$35/hr | Global Work-from-Home Role

Description

Job Title: Remote Live Chat Customer Support Representative
Compensation: \$25–\$35/hour
Location: Work from Anywhere – Remote, Including Your Area
Schedule: Flexible (5–40 hours/week)
Experience Required: None
Education Required: No degree required

Position Overview

A fast-growing eco-conscious consumer products brand is hiring **Live Chat Customer Support** staff to join its expanding team. Designed for job seekers searching for **jobs near me remote no degree**, this fully online role provides the flexibility, pay, and real-world work structure you've been looking for—with no phone calls, no sales pressure, and no experience needed.

You'll help support online customers by responding to messages via live chat. With pre-written templates, structured onboarding, and no degree requirement, this is an ideal role for anyone wanting a professional work-from-home job, even without prior experience.

What You'll Be Doing

As part of the brand's live chat support team, you'll handle a variety of customer questions and interactions during your scheduled shifts.

Key Responsibilities:

- Respond to customer messages on the website and social media via live chat
- Share product details, order updates, discounts, and refund assistance
- Use templates to guide responses and follow brand tone standards
- Escalate technical or policy questions to supervisors when needed
- Track completed interactions and submit end-of-shift logs
- Help maintain a supportive, timely, and professional customer experience

Why This Role Is a Fit for You

- You're actively searching for **remote jobs near you with no degree required**
- You want to work from home, without ever needing to commute

What a Shift Looks Like

You sign in from your local area and begin responding to messages. A shopper inquires about eco-friendly alternatives—you send them a product bundle link. Another user needs to confirm a return—you walk them through the process using a script. You wrap your shift, send in a summary report, and clock out—all without stepping outside.
