## **How Income Works**

Income is earned entirely from royalties paid by Amazon. You earn money each time your book is purchased, downloaded, or read through Kindle Unlimited.

### **Example:**

- Book priced at \$8.99
- 70% royalty = ~\$6.29 per sale
- 50 sales per month = \$314.50/month per book
- 5 books with similar performance = \$1,572.50/month in passive income

The key is building a catalog of quality nonfiction books that solve specific reader problems. Each title becomes a piece of digital real estate that generates income over time.
